the collegiate division of future business leaders of america

iNetwork

Through the iNetwork program, PBL members will have an opportunity to build meaningful relationships with FBLA members, bridging the gap between the two divisions and thereby enabling a smooth transition from FBLA to PBL.

Build a partnership with a local FBLA chapter and together create community service events, share guest speakers, execute meaningful programs, and build business partnerships. PBL can provide a new perspective to FBLA chapters by sharing experiences, advice, and resources to improve each chapter's program of work. The possibilities are limitless!

The iNetwork program can be completed at the Chapter or Individual level. Participating chapters and individual members will be recognized at the State Business Leadership Conference.
